

## QUALITY POLICY

SCRD is a company specialising in end-of-life solutions for computers and electronic waste as well as providing professional services to secure sensitive data using industry best practices. Since establishment, we have adopted the concept of quality service, protection of the health and safety of our personnel, and protecting the environment.

We will:

- Prevent injuries and ill health by identification and removal or mitigation of risks, training, and provision of appropriate resources.
- Comply with requirements and continually improve the effectiveness of our quality management system
- Meet any statutory and regulatory requirements that apply to our activities, products, and services.
- Prevent pollution through setting and complying with our environmental objectives.
- Minimise waste generation, and reuse and recycle the resources we handle on behalf of our customers
- Provide training, support, resources, and encouragement to all our employees to ensure they realise their full potential in meeting the Quality Policy and its commitments.
